

STOP WORK POLICY

MAJU INTEGRATED ENGINEERS SDN. BHD. (MIE) management is committed to prioritize to Safety, Health and Environment of its employees and will do its utmost effort to provide a safe and healthy working environment and to preserve the natural environment by taking into account any statutory requirements.

It is the policy of the Company that all employees, including clients, visitors and contractors, have a right to Stop Work when there is an immediate impact to Safety, Health and Environment to a person, property or environment.

At the same time, it is equally the duty of everyone to exercise personal responsibility to prevent injury to himself and to his colleagues. This includes stopping and reporting any unsafe acts and conditions and reporting all accidents and incidents at their work place to his immediate Supervisor.
